Report on the Campaign on *Swachhata Pakhwada* on 21 December, 2022

As a part of the 'Swachhata Pakhwada' on 21-12-2022 a campaign on cleaning of sewerage and water lines, awareness on recycling of waste water was done in office and residential complexes. A provision was made for waste water harvesting for application in horticulture crops in farm areas and in kitchen gardens of residential colonies of ICAR-CIWA, Bhubaneswar. The office staff as well as the residents of campus were sensitised about importance of cleanliness and recycling of waste water. Those who have kitchen garden were encouraged for recycling of waste water to maximum extend. All the residents as well as farm workers participated in the cleaning of sewerage and water lines of the research farm to ensure smooth flow of the sewage water. During today's programme about 30 participants involve themselves in improving cleanliness of the office and residential areas.
